Index

Volume 15, 1983

January 1–86
April 87–172
July 173–268
October 269–362

Alternative Probabilistic Scaling Models for Spatial Data, David B. MacKay, 173–86

Amrhein, Carl G. *See* Griffith, Daniel A.

Batty, Michael, Cost, Accessibility, and Weighted Entropy, 256–67

Beguin, Hubert, City-Size Distribution, Consumption Structure, and Labor Productivity: Modeling and Simulation Results, 156–63

Bennett, R. J., Individual and Territorial Equity, 50–57; *see also* Haining, Robert

Boyce, David E. *See* Kim, Tschangho John

Buttimer, Anne, Teoria, Ryōanji, and the Place Pompidou, 42–46

Cherene, Louis J., Jr., John H. Niedercorn, and Byung-Nak Song, A Spatial Model of Transportation System Investments Related to Agricultural Exports, 81–86

City-Size Distribution, Consumption Structure, and Labor Productivity: Modeling and Simulation Results, Hubert Beguin, 156–63

Clark, W. A. V. *See* Onaka, J.

Combined Input-Output and Commodity Flow Models for Interregional Development Planning: Insights from a Korean Application, Tschangho John Kim, David E. Boyce, and Geoffrey J. D. Hewings, 330–42

Competition and Cooperation among Itinerant Traders, Avijit Ghosh, 1–13

Consumer Demand and Multipurpose Shopping Behavior, Gordon F. Mulligan, 76–81

Cost, Accessibility, and Weighted Entropy, Michael Batty, 256–67

Costanzo, C. Michael, Lawrence J. Hubert, and Reginald G. Golledge, A Higher Moment for Spatial Statistics, 347–51

Couclelis, Helen, Some Second Thoughts about Theory in the Social Sciences, 28–33

Culling, W. E. H., Steady State Distributions in the Measurement of Soil Creep, 212–30

Davies, Richard B., and Andrew R. Pickles, The Estimation of Duration-of-Residence Effects: A Stochastic Modeling Approach, 305–17

Dendrinos, Dimitrios S. *See* Haag, Günter

Disaggregate Model of Residential Mobility and Housing Choice, A, J. Onaka and W. A. V. Clark, 287–304

Distance Distributions, Thijs ten Raa, 164–69

Dunn, Richard, The Estimation of Models of Local Unemployment Responses in the Presence of Autocorrelated Errors, 142–50

Entrikin, J. Nicholas, Theory, Progress, and Fragmentation in Human Geography, 72–75

Estimation of Duration-of-Residence Effects: A Stochastic Modeling Approach, The, Richard B. Davies and Andrew R. Pickles, 305–17

Estimation of Models of Local Unemployment Responses in the Presence of Autocorrelated Errors, The, Richard Dunn, 142–50

Evaluation of Correction Techniques for Boundary Effects in Spatial Statistical Analysis, An: Traditional Methods, Daniel A. Griffith and Carl G. Amrhein, 352–60

Expressed Impressions of Impressed Expressions, Paul Gunnar Olsson, 60–64

Fotheringham, A. Stewart, and Peter A. Williams, Further Discussion on the Poisson Interaction Model, 343–47

Further Discussion on the Poisson Interaction Model, A. Stewart Fotheringham and Peter A. Williams, 343–47

Geographical Theory: Queries from a Cultural Geographer, Yi-Fu Tuan, 69–72

Geographic Interpolation, Susan Kennedy and Waldo R. Tobler, 151–56

Ghosh, Avijit, Competition and Cooperation among Itinerant Traders, 1–13

Golledge, Reginald G., Models of Man, Points of View, and Theory in Social Science, 57–60; *see also* Costanzo, C. Michael

Goodchild, Michael F. *See* Shelley, Fred M.

Gould, Peter, On the Road to Colonus: Or Theory and Perversity in the Social Sciences, 35–40

Griffith, Daniel A. *See* Haining, Robert

Griffith, Daniel A., and Carl G. Amrhein, An Evaluation of Correction Techniques for Boundary Effects in Spatial Statistical Analysis: Traditional Methods, 352–60

Haag, Günter, and Dimitrios S. Dendrinos, Toward a Stochastic Dynamical Theory of Location: A Nonlinear Migration Process, 269–86

Haining, Robert, Daniel A. Griffith, and Robert Bennett, Simulating Two-dimensional Autocorrelated Surfaces, 247–55

Hanson, Susan, The World Is Not a Stone Garden, 33–35

Harris, Britton, Interdisciplinary Disciplines, 47–50

Hewings, Geoffrey J. D. *See* Kim, Tschangho John

Higher Moment for Spatial Statistics, A, C. Michael Costanzo, Lawrence J. Hubert, and Reginald G. Golledge, 347–51

Hubert, Lawrence J. *See* Costanzo, C. Michael

Identification of Spatiotemporal Paths of Spread and Backwash, Shaul Krakover, 318–29

Individual and Territorial Equity, R. J. Bennett, 50–57

Interdisciplinary Disciplines, Britton Harris, 47–50

Is Philosophy Necessary? David Ley and Geraldine Pratt, 64–69

Jones, Donald W., A Neoclassical Land Use Model with Production, Consumption, and Exchange, 128–41; Location, Agricultural Risk, and Farm Income Diversification, 231–46

Kennedy, Susan, and Waldo R. Tobler, Geographic Interpolation, 151–56

Kim, Tschangho John, David E. Boyce, and Geoffrey J. D. Hewings, Combined Input-Output and Commodity Flow Models for Interregional Development Planning: Insights from a Korean Application, 330–42

Krakover, Shaul, Identification of Spatiotemporal Paths of Spread and Backwash, 318–29

Laverty, William H. *See* Phipps, Alan G.

Ley, David, and Geraldine Pratt, Is Philosophy Necessary? 64–69

Location, Agricultural Risk, and Farm Income Diversification, Donald W. Jones, 231–46

Luoma, Martti, and Mauri Palomäki, A New Theoretical Gravity Model and Its Application to a Case with Drastically Changing Mass, 14–27

MacKay, David B., Alternative Probabilistic Scaling Models for Spatial Data, 173–86

Majority Voting and the Location of Salutary Public Facilities, Fred M. Shelley and Michael F. Goodchild, 205–11

Mark, David M., On the Composition of Drainage Networks Containing Lakes: Statistical Distribution of Lake In-Degrees, 97–106

Miron, John, A Replacement Model of Metropolitan Expansion, 107–27

Models of Man, Points of View, and Theory in Social Science, Reginald G. Golledge, 57–60

More Thoughts on Theory in the Social Sciences, Terence R. Smith, 40–42

Mulligan, Gordon F., Consumer Demand and Multipurpose Shopping Behavior, 76–81

Neoclassical Land Use Model with Production, Consumption, and Exchange, A, Donald W. Jones, 128–41

New Theoretical Gravity Model and Its Application to a Case with Drastically Changing Mass, A, Martti Luoma and Mauri Palomäki, 14–27

Niedercorn, John J. *See* Cherene, Louis J., Jr.

Olsson, Paul Gunnar, Expressed Impressions of Impressed Expressions, 60–64

Onaka, J., and W. A. V. Clark, A Disaggregate Model of Residential Mobility and Housing Choice, 287–304

On the Composition of Drainage Networks Containing Lakes: Statistical Distribution of Lake In-Degrees, David M. Mark, 97–106

On the Road to Colonus: Or Theory and Perversity in the Social Sciences, Peter Gould, 35–40

Optimal Angular Geometry Models of River Branching, André G. Roy, 87–96

Optimal Stopping and Residential Search Behavior, Alan G. Phipps and William H. Laverty, 187–204

Palomäki, Mauri. *See* Luoma, Martti

Phipps, Alan G., and William H. Laverty, Optimal Stopping and Residential Search Behavior, 187–204

Pickles, Andrew R. *See* Davies, Richard B.

Pipkin, John S., book review, 170–72

Pratt, Geraldine. *See* Ley, David

Quantitative Geography: A British View, edited by N. Wrigley and R. J. Bennett, reviewed, 170–72

Replacement Model of Metropolitan Expansion, A, John Miron, 107–27

Roy, André G., Optimal Angular Geometry Models of River Branching, 87–96

Shelley, Fred M., and Michael F. Goodchild, Majority Voting and the Location of Salutary Public Facilities, 205–11

Simulating Two-dimensional Autocorrelated Surfaces, Robert Haining, Daniel A. Griffith, and Robert Bennett, 247–55

Smith, Terence R., More Thoughts on Theory in the Social Sciences, 40–42

Some Second Thoughts about Theory in the Social Sciences, Helen Couclelis, 28–33

Song, Byung-Nak. *See* Cherene, Louis J., Jr.

Spatial Model of Transportation System Investments Related to Agricultural Exports, A, Louis J. Cherene, Jr., John H. Niedercorn, and Byung-Nak Song, 81–86

Steady State Distributions in the Measurement of Soil Creep, W. E. H. Culling, 212–30

Ten Raa, Thijs, Distance Distributions, 164–69

Teoria, Ryōanji, and the Place Pompidou, Anne Buttimer, 42–46

Theory, Progress, and Fragmentation in Human Geography, J. Nicholas Entrikin, 72–75

Tobler, Waldo R. *See* Kennedy, Susan

Toward a Stochastic Dynamical Theory of Location: A Nonlinear Migration Process, Günter Haag and Dimitrios S. Dendrinos, 269–86

Tuan, Yi-Fu, Geographical Theory: Queries from a Cultural Geographer, 69–72

Williams, Peter A. *See* Fotheringham, A. Stewart

World Is Not a Stone Garden, The, Susan Hanson, 33–35

Wrigley, N., and R. J. Bennett (eds.), *Quantitative Geography: A British View*, reviewed, 170–72
